Shah Md Farid Uddin

shahmdfarid.uddin1@gmail.com | Academic Portfolio | +8801625434063 | Dhaka, Bangladesh

EDUCATION

Master of Science in Biotechnology, *North South University* 2026 – Present
Current CGPA: **4.00**

Bachelor of Medicine, Bachelor of Surgery (MBBS), *Dhaka Medical College (University of Dhaka)* 2020 – 2025
University-wide merit positions in Third and Final Professional MBBS examinations; **honors** in five subjects.

Higher Secondary School Certificate (HSC), *Notre Dame College, Dhaka* 2017 – 2019
Result: GPA **5.00**
Recipient of **Talent Pool Scholarship**

RESEARCH INTERESTS

- Clinical Epidemiology
- Infectious Disease Epidemiology
- Molecular Epidemiology
- Pharmacoepidemiology & Patient Safety
- Real-World Clinical Data

RESEARCH EXPERIENCE

Factors Associated with Severe Measles among Hospitalized Children during the 2026 Measles Outbreak in Bangladesh: A Multicenter Hospital-Based Cross-Sectional Study 05/2026 – Present
Dhaka Medical College | Dr. Kakali Halder

- Initiated and currently co-leading a multicenter analytical cross-sectional study examining factors associated with severe measles among hospitalized children during the 2026 outbreak in Bangladesh.
- Co-led development of the study protocol and hold primary responsibility for coordinating participant recruitment, data-quality procedures, and research documentation across participating hospitals, while contributing to multivariable analysis planning.
- Gained practical experience in defining exposures and outcomes, addressing potential bias and confounding, and planning valid analyses of observational clinical data.

Seeing Like Datafied Healthcare in Bangladesh: Data Infrastructures, Healthcare Workflows, and Responsible AI, *University of Toronto & University of Illinois Urbana-Champaign | Dr. Syed Ishtiaque Ahmed and Dr. Sharifa Sultana* 03/2026 – Present

- Led hospital-side fieldwork at Bangladesh's largest tertiary public hospital, tracing how clinical, administrative, and logistical information moves across workflows and where continuity breaks down.
- Recruited a purposive multi-stakeholder sample and conducted interviews across clinical and operational roles.
- Contributed to reflexive thematic analysis, refinement of the coding framework, and interpretation across interviews, observations, and hospital documents, helping develop the study's broader argument on information continuity, healthcare infrastructure, and responsible AI usage.

Genetic Determinants of Miscarriage: A Pilot Case-Control Study on SNP Associations in Bangladeshi Women 02/2026 – Present
North South University | Dr. Chaman Ara Keya | MSc Thesis

- Conducting a pilot case-control study investigating associations between selected genetic polymorphisms and recurrent pregnancy loss among Bangladeshi women.
- Contributed to study design and case-control definitions, participant recruitment and informed consent, clinical data collection, and data organization and quality checks.
- Performed laboratory work including DNA extraction, spectrophotometry and gel electrophoresis.
- Gained experience integrating clinical phenotyping and molecular data while examining biological factors associated with differences in patient outcomes.

Efficacy and Safety of Oral Versus Intravenous Iron Therapy in Patients with Non-Dialysis-Dependent Chronic Kidney Disease: A Systematic Review and Meta-Analysis of Randomized Controlled Trials 09/2026 – Present
Independent Collaborative Project | Systematic Review & Meta-analysis

- Authored the review protocol, including PICOS eligibility criteria and literature-search strategy.
- Defined study screening and data-extraction procedures.
- Planning risk-of-bias assessment of included trials.

MANUSCRIPTS

Seeing Like Datafied Healthcare in Bangladesh: Data Infrastructures, Healthcare Workflows, and Responsible AI, *Co-first author | Under review at ACM CHI 2027 (CORE A*)*

Factors Associated with Severe Measles among Hospitalized Children during the 2026 Measles Outbreak in Bangladesh: A Multicenter Hospital-Based Cross-Sectional Study, *Data analysis underway | Manuscript in preparation*

CLINICAL EXPERIENCE

Dhaka Medical College Hospital, *Intern Doctor* 10/2025 – 10/2026

- Provided supervised clinical care across major medical and surgical specialties in a high-volume tertiary public hospital, including patient assessment, clinical documentation, review of investigations and treatment plans, and inpatient and emergency management.
- Worked with multidisciplinary clinical teams while caring for diverse patient populations, gaining direct exposure to variation in disease presentation, treatment, clinical outcomes, and the practical challenges of healthcare delivery in a resource-constrained setting.

ACADEMIC HONORS & DISTINCTIONS

Merit Positions in Professional MBBS Examinations

- Ranked **7th** among all medical colleges affiliated with **University of Dhaka** in the **Final Professional MBBS Examination**
- Ranked **6th** among all medical colleges affiliated with **University of Dhaka** in the **Third Professional MBBS Examination**

Honors in Five MBBS Subjects

Awarded honors for achieving ≥85% marks in **Pathology, Pharmacology, Microbiology, Surgery, Obstetrics and Gynecology.**

SELECTED AWARDS

Best Delegate | Specialized Committee on Research and Innovation in Healthcare | WHO Simulation 2023 29/04/2023

Bangladesh Medical Students' Society (BMSS) in collaboration with WHO

Recognized as Best Delegate in a national World Health Assembly simulation involving 450+ medical students from 40 medical colleges, with research-focused committee deliberations requiring analytical reasoning, policy analysis, negotiation, and collaborative drafting of health-policy resolutions.

Top Ten Genius Intern Doctors, *Universal Medical College & Hospital (UMCH)* 29/11/2025

Honorable Mention for Outstanding Performance, *Notre Dame College* 12/01/2019

Selective institutional recognition for outstanding academic and co-curricular achievement along with voluntary service.

TECHNICAL & ANALYTICAL SKILLS

Statistical & Data Analysis
R, Google Sheets — data management and quality control

Qualitative Analysis
Reflexive thematic analysis; qualitative coding and interpretation

Molecular & Laboratory Methods
DNA extraction, spectrophotometry, gel electrophoresis

Sequence Analysis & Bioinformatics
Chromas, MEGA 12

LEADERSHIP & SERVICE

Bangladesh Medical Students' Society (BMSS), *External Affairs Local Officer (EA-LO)* 10/2023 – 10/2024

- Led external communication, stakeholder engagement, and medical-student team coordination across academic, advocacy, outreach, and community initiatives.
- Organized and coordinated volunteer and community service initiatives, including Iftar and food distribution for economically disadvantaged communities in Dhaka.

Flood Relief & Medical Camp 2024 | Cumilla, Bangladesh

Dhaka Medical College Hospital Students and Doctors Initiative

- Participated in a medical camp and relief distribution for communities affected by the 2024 floods in Cumilla, supporting basic healthcare delivery and humanitarian assistance in an emergency setting.

LANGUAGE PROFICIENCY

English, *IELTS Academic — Overall Band 8.5 (Listening 8.5, Reading 9.0, Speaking 8.5, Writing 7.5)*
